- ☐ Every 3 months
- ☐ Every 6 months
- ☐ Every 1 year

Please note that we are requesting the total number of **individual Corpsmembers** who obtained placements, not the total number of placements. If a single Corpsmember obtained multiple placements during the year, they should only be counted once in your response.

This data collection focuses specifically on the 2025 Profile year (last year). It should include **previous years' Corpsmembers** who received placement during this timeframe, regardless of which interval you collected the data.

If you were unable to determine placement status for some Corpsmembers (due to non-response or inability to verify), please categorize them as "Unknown." This helps us distinguish between confirmed non-placements and cases where placement status could not be determined.
