The CorpsNetwork

Strengthening America through service and conservation

SPONSOR PROSPECTUS

#CorpsCon27

The Corps Network National Conference

Washington, DC

May 11-13, 2027

corpsnetwork.org/conference

Convening the Corps Community

We invite your support for our 42nd annual National Conference

#CorpsCon27 will take place in Washington, DC, from **May 11 – 13, 2027**. The event will provide an opportunity for Corps and like-minded organizations to network, share promising practices, and strategize.

Attendees will include leaders in national service, workforce development, outdoor recreation, conservation, and youth empowerment. As a sponsor, your organization can share your message and promote your brand with professionals who are passionate about our economy, our infrastructure, education, and the stewardship of our lands, waters, and communities.

About Corps

Corps are locally based organizations that provide young adults and veterans the opportunity to serve our country, advance their education, and obtain in-demand job skills. During defined terms of service in crews or individual placement positions, Corps participants – or "Corpsmembers" – gain work experience by performing important conservation, recreation, infrastructure, disaster response, and community development projects. Corps annually enroll approximately 22,000 participants across the United States.

About The Corps Network

As the national membership association of Service and Conservation Corps, The Corps Network provides leadership and support to more than 140 Corps across the United States. Since 1985, The Corps Network has supported Corps through advocacy, providing access to funding and projects, and offering expert guidance in Corps operations.

About #CorpsCon27

DATES: May 11 - 13, 2027

LOCATION: Washington, DC
Marriott at Metro Center
775 12th St NW
Washington, DC 20005

OVERVIEW:
Since 1985, The Corps Network has convened the Corps community every year to share ideas, celebrate successes, and strategize for the future.

#CorpsCon27 will unite Corps staff, our partners, and other leaders in the fields of conservation, workforce development, and youth development. The Corps Network will engage attendees in workshops, discussions, and networking opportunities. We hope attendees will walk away with promising practices, actionable ideas, and inspiration.

TITLE SPONSORSHIP

Every year at our National Conference, The Corps Network recognizes greatness in the Corps Community. As a Title Sponsor, one of these prestigious awards will be presented in your organization's name. Here are some of our 2026 honorees.

The **Corpsmember of the Year Award** honors exceptional young adults from our member Service and Conservation Corps.

"This experience working in conservation allowed me to lead and make an impact in my community. By providing platforms like these, sharing and showcasing the innovative ideas of my peers, it raises the visibility of the groundwork that my generation is laying for future generations to carry and continue."
Tiana Cachini, Ancestral Lands Conservation Corps

"During my short time in the crew I bonded with my crew and continued to share my knowledge at the same time continue to grow and learn. This journey has completely changed me in ways I never imagined."
Sandra Hernandez, California Conservation Corps

"...Be the home of passion, hope and change, be the place that cultivates the youth and communities, giving them a voice to not only uplift themselves but the people around them. In Green City Force I have learned how important community work is. Both ourselves and the people around us are capable of truly amazing things when we come together."
Stefaun Somerville, Green City Force

The **Project of the Year Award** honors Corps that undertake especially impactful or innovative endeavors.

Rebuilding Community and Hope: Rapid Response to July 4th Floods

American YouthWorks - Texas Conservation Corps

After flash flooding devastated parts of Texas on July 4, 2025, American YouthWorks (AYW) quickly mobilized to support both immediate and ongoing relief efforts. About 50 AYW Corpsmembers assisted with volunteer coordination, donation management and distribution, mucking and gutting homes, saw work, hazardous tree removal, and debris clearing, distributing more than 100,000 pounds of donations and directly supporting over 700 flood-affected individuals.

Palisades and Eaton Fire Recovery

Los Angeles Conservation Corps and partner Corps

Following the catastrophic Eaton and Palisades Fires in January 2025 that killed more than two dozen people and destroyed over 16,000 structures in Los Angeles County, the Los Angeles Conservation Corps joined multiple California state agencies and six partner Corps to deploy more than 70 Corpsmembers and 11 staff for an extended watershed protection mission. Corpsmembers stabilized burned hillsides, reduced post-fire flooding and debris-flow risks, and protected nearby communities and habitats by installing erosion-control systems.
