

BIG SKY WATERSHED CORPS

GAIN PROFESSIONAL EXPERIENCE AND EXPLORE CAREERS IN NATURAL RESOURCES!

Who We Are

At MCC, we focus on the growth of our participants; positively impacting our climate, environment, and communities; and building transferable job skills. The Big Sky Watershed Corps (BSWC) Program and its participants are passionate about the land and water and work hard to make sure it's healthy and available for future generations. BSWC is designed to meet these goals by placing young professionals with partners (known as Host Sites) throughout Montana. Host Sites include federal/state agencies, Tribal Nations, Conservation Districts, nonprofits, and other community-based conservation organizations to create community-based initiatives to protect, preserve and restore local watersheds. At its core, Big Sky Watershed Corps is an AmeriCorps program that assists Montana's watershed communities to make a measurable difference in local conservation efforts while strengthening the experience of young professionals.

The program is an AmeriCorps program and offered through a partnership of [Montana Conservation Corps](#), [Montana Watershed Coordination Council](#) and [Montana Association of Conservation Districts](#).

The BSWC - AmeriCorps Member Opportunity

The BSWC program is seeking passionate individuals who are looking to gain experience in the natural resources while making a measurable impact in communities throughout Montana. If you are interested in project design and implementation, community outreach and education, organization development, volunteer generation and management: we want to hear from you!

[See a StoryMap about the impact of the BSWC program here:

PROGRAM BENEFITS:

- **Biweekly Living Stipend:** \$1,040 biweekly before taxes
- **AmeriCorps Education Award:** \$6,895 upon successful completion of the program.
- **Health Insurance:** provided at no cost to you.
- **Public Lands Service Corps Hiring Preference:** Members serving with federal land management agencies may be eligible to receive hiring preference for future federal job placement
- **Member Assistance Program:** Free access to mental health counseling, medical advocacy, financial assistance, legal assistance, and life coaching.
- **Multiple program trainings** in topics such as GIS, community outreach & education, surface water collection and monitoring, irrigation structures, mesic restoration, data management and grant writing/management.
- **Opportunities to network** with and shadow experts in the natural resource profession.
- **Supportive coaching staff** invested in your success.
- **Community and connection** with other program participants.
- **Community Spaces:** Access to two community spaces, Corps Members of Color and LGBTQIA2+ Corps Members, to build community, connection, and support during the season.

PROGRAM INFORMATION:

- **Location:** Host site placement locations vary across Montana in town size, organization type and size, project work, and more.
- **Term Dates:** 1/8/2024 - 11/15/2024

PRIMARY DUTIES OF THE BSWC MEMBER CAN INCLUDE:

- Assist host site staff in the development and implementation of watershed-related plans and reports.
- Perform watershed-related field collections, monitoring, and restoration.
- Recruit and manage volunteers on field and service projects; ensure participant safety on all projects.
- Develop materials (brochures, posters, PowerPoint slides) to use in community presentations.
- Conduct educational community outreach.
- Coordinate with schools and/or youth groups to develop educational class and/or field projects.
- Support with grant applications and reporting.
- Complete and submit required program reports in a timely manner.

MINIMUM QUALIFICATIONS:

- U.S. citizen, U.S. National, or Lawful Permanent Resident Alien.
- College degree (B.A./B.S.), preferably in a natural resource related field.
- Valid driver's license, ability to pass a motor vehicle records check, and ability to provide personal transportation to worksites, housing and trainings.
- Committed to completing full term length: **1/8/2024 - 11/15/2024.**

DESIRED EXPERIENCE:

- Previous watershed-related experience, including fieldwork, data collection and analysis, or plan development.
- Previous teaching or volunteer management experience.
- Ability to work with and build consensus among diverse stakeholders.
- Open and adaptable to new environments, different perspectives and rural communities.

The BSWC program term dates are **January 8th – November 15th**. Applications will be reviewed on a rolling basis. Position interviews will begin the last week of August.

MCC seeks to provide access and opportunity to a diverse group of staff and participants, while continuing to identify and reduce barriers to being involved in our organization and programs. We encourage applicants of all backgrounds to apply.

If you require reasonable accommodation in completing an application, interviewing, or otherwise participating in the employee selection process, please direct your inquiries to iprograms@mtcorps.org.

APPLICATION & MORE INFO AT: <https://www.mtcorps.org/joinmcc/individual-placement-programs/big-sky-watershed-corps.html>

While this position description describes the general nature and level of work being performed by people assigned to this position, it is not an exhaustive list of all responsibilities, duties, and skills required. All Montana Conservation Corps positions may be required to perform duties outside of their normal responsibilities.
